

Exemplos de aplicação

Sem ou com raspador

The diagram illustrates the application of the product in three different shapes: square, octagonal, and circular. The text 'Exemplos de aplicação' (Application examples) is at the top. Below it, the text 'Sem ou com raspador' (With or without scraper) is shown. To the right, three photographs show the product being applied to different shapes: a square, an octagon, and a circle. A red asterisk is next to the octagonal application.

This image shows a full page of blank graph paper. The grid consists of small, uniform squares formed by thin, light gray lines. There are no margins, text, or other markings on the page.
