

Ejemplos de ejecución

Sin
o con rascador

SP

The diagram illustrates two methods of installing a door frame into a wall. The top method, labeled 'Sin o con rascador' (Without or with scraper), shows a frame being inserted into a pre-drilled hole. The bottom method, labeled 'con rascador' (with scraper), shows a frame being inserted into a hole that has been widened by a scraper. A red asterisk (*) is placed next to the bottom method, indicating a warning or note. The text 'Ejemplos de ejecución' (Examples of execution) is at the top, and 'SP' is at the bottom right.

This image shows a full page of blank graph paper. The grid consists of small, uniform squares formed by thin, light gray lines. There are no margins, text, or other markings on the page.
